*****CELL PHONE TEXT MESSAGES*****

You can receive TEXT Message Alerts on cell phones instead of voice calls. If you are not currently receiving One Call Now calls on your cell phone, use the link above to add the cell phone to your list of contact phone numbers.

Once you have added your cell phone number to your list of contact numbers, or if you are already receiving calls on your cell, send a text message with just the word Alert from your cell to 22300. To stop text messages to your cell phone, send the text STOP to 22300.
