

AUTOMOTIVE COLLISION REPAIR TECHNOLOGY

CIP Code: 47.0603

Program Overview

This instructional program prepares individuals to apply technical knowledge and skills to repair damaged vehicles back to pre-accident condition. Students learn to examine damaged vehicles and estimate cost of repairs using computerized estimating system. Students will learn to remove trim and accessories to gain access to vehicle body panels; remove and replace glass; repair dented areas; replace excessively damaged panels; measure and straighten frames/unibody structures using computerized laser measuring system, hydraulic jacks and pulling devices; grind and sand repaired surfaces using hand and power tools. Students will refinish surfaces by using the latest base and clear coat refinishing techniques.

Classes are held Monday thru Friday from 8:15am-2:45pm.

Program Cost: \$6,500.00 - Effective 7/1/2023

**Estimated expenses not included in tuition: Required clearances (\$55.00), certification testing (\$200.00), textbook/online materials (\$100.00), supply (N/A) and/or uniform (\$100.00) costs.*

Textbook/Online Materials Requirements: Mind Tap Auto Body Repair Technology, 7th Edition (Online)

Certifications: S/P2 Safety Certification, PA Vehicle Safety Inspection Certification, EPA Section 609, OSHA 10 and NOCTI

Program Start Dates: Fall (Late August) OR Spring (Mid-January) Semester Annually

Program Length: 900 hours

This program is accredited by the PA Department of Education.
